Assessor Comments	A nice line of 19 x Aug/ Sep 2025 Drop unweaned Angus Heifers. Bred on Yanvilla by SAV blood sires, the heifers present well as a group. They exhibit excellent coat type and are well put together heifers. Although unweaned, the heifers display good temperament and are at an age where they are almost self weaned. A great opportunity to purchase well bred calves suited to backgrounding on winter crops for entry to feedlots or joining later in 2026. The heifers are bred out of medium to large framed females. Note: B J Byrnes will offer a line of steers from the same drop in today's sale.
