| Assessor Comments | A good line of 34 Angus steers in strong store condition 248kg off the scales with good frame and stretch. These steers are good types that will grow onto large frame heavy cattle, they are perfect types to take through to a feedlot weight or finish with good feed. These calves have come through a tight summer and late start to winter for yard weaning but with feed they should stack the weight on with ease making them great buying. Calves were treated for lice 4 weeks ago but have rubbed a bit more since, sign of the season this year only. 1 lighter red crossbred type in lot. ***35 HEIFERS FROM SAME MOB OFFERED IN THIS SALE*** |
