Assessor Comments	A line of 182 mixed sex weaner cattle made up of predominantly Brahmans, Santa Gertrudis and Shorthorn cross cattle. This line is made up of 70 steers and 112 heifers. These cattle have been mouthed and are all confirmed milk tooth. Cattle display frame to continue developing weight gain and cover. Portion of cattle were sourced through saleyard purchases while majority have been from cow and calf units. Since been managed under normal commercial farming practices. All cattle have been yard handled and individually weighed. Vendor had the intention to retain the cattle for further feeding and weight gain. However, due to an extended cropping program and the requirement for additional land and feed resources, the decision has been made to offer the cattle for sale. Please note due to running out of daylight at assessment pictures and videos have been taken in paddock the day after assessment.
