Assessor Comments: An even line of quality weaner steers with the bone and frame to grow out. These steers have the reputation of performance on either grass or grain . Steers would be suitable for backgrounding or to grow out to bullocks. Noted: 2 steers with old scars from buffalo fly bite on NS neck and eye. These Steers were weighed empty after a 12 hour curfew at time of assessment however an additional curfew has been added. There are 3 brands in this mob which are family brands.
