Heifers are very quiet and a pleasure to handle

Handled With	Bikes , On foot , Vehicles

Notable Traits

	Traits
1 Head	Blue eye/old scarring

Assessor Comments	An outstanding draft of 40 EU Angus heifers averaging 335kg at assessment. A very even line of well grown females displaying excellent Angus type, femininity, softness and quality throughout. These heifers are out of ex-Stud Bridgewater Angus cows and by Landfall S1769, S1838 and Bridgewater S089 and S030 sires, offering a strong maternal background backed by proven Angus genetics. Having continued to grow and develop since weaning, these heifers are now at an ideal stage to join to the bull of the purchaser's choice. With their breeding, type and quality, they present as genuine future breeder females with plenty of potential ahead of them. A quality line of well bred Angus heifers that would make an excellent addition to any breeding program.
Assessor	**Darcy Booth (Level 2 Accredited)**
Delivery Period	28/09/2026 to 02/10/2026 (5 days)
