Heifers were good to handle through yards and crush. One heifer did become slightly agitated under pressure.

Handled With	Bikes , Dogs , Horses
Assessor Comments	Good quality line of crossbred heifers. A big percentage of these heifers were brerd on farm, but with the odd heifer off purchased cows and calves. Would suit backgrounder or feeder. Showing plenty of growth and bone for age. After a dry winter, there has been a recent break in the season with Buffel starting to freshen up and heifers are on the turn. Only selling to reduce numbers to give country a spell. Would make a good line of heifers that will not disappoint in any backgrounding or feeding operation. Please note: vendor has 3 decks Ultrablack heifers in this sale.
