Steers were a pleasure to draft and assess, four animals didn't enjoy confined space of crush. In paddock cattle are inquisitive and mill around people (video great example)

Assessor Comments	Fantastic draft of vendor bred Angus steers that have been very sort after by feeders and grass finishers for many years. Banquet bulls have been the primary sires for over a decade, however in this draft Rennylea bulls were bought to bolster IMF & EMA. The highly regarded Wantabadgery cows (Yamba blood) were added to the herd two years ago and there calves are represented with an identifying management tag. At weaning calves were fed Irwin's grain free pellets which has helped ensure good weight for age. Steers present in good forward store condition. View Sire list in document.
