Assessor Comments	Buyers here is a opportunity to purchase very good quality Angus Weaned steers. These steers have had a dry start with rain only falling in the last month, these steers since weaning are on the move and expect them to keep powering ahead. They are by Texas Angus bulls and out of a very good herd of Angus cows. These steers are ideal backgrounders to grow out to heavier feeder or export weights. They stand on good bone and confirmation and will fit any Angus Feeder market. These steers come with a reputation for performance on crop and grain. This is a rare opportunity to purchase these steers at this weight as they are normally sold as heavy weaned steers.
