	Nice natured yearling heifers that are respectful of their surrounds and people that are handling them, a pleasure to work with a quiet temperament.
Handled With	Bikes , On foot , Vehicles
Assessor Comments	A line of genuine forward store yearling heifers that have adequate frame and bone that should allow them to mature into large framed females given management. These heifers are well bred but are looking a bit dry and rough in the coat due to the climate and season and handle much better than appearances and are ready to respond with feed and sunshine. These young females have been pregnancy tested undetectable and would be ideal to join to the bull of your choice or feed on with confidence. The cattle had been yarded the previous day and given a bale of hay so i have assessed as having had a curfew. Note - 1 heifer has a small white spot on her naval while another has a white udder, 1 heifer has a couple of dry warts on her neck with another carries old ringworm scares on her face which are hairing over (nothing deemed detrimental to the animals health)
