J-BAS Score	6			

Vendor Comments	These heifers represent the pregnancy tested undetectable heifers from a large contemporary herd of 850 Yearling Heifers that were put to the Bull for the 2024 joining season. Unfortunately the adverse Winter took its toll on our joining.

Joining Details	Not Station Mated 100% Pregnancy Tested Not Detectable
Other Joining Details	Scanned Undetectable by Greg Fitzgerald (Profitable Livestock).
Any Access To Bulls or Stags?	To vendor's best knowledge, this lot has had no access to bulls or stags.

Quality Grades		Store Condition		Muscle Score	
Very Good	85%	Fwd Store	100%	C	66%
Good	15%			D	34%

Temperament

Yards	Crush	Paddock
Quiet: 88 head	Quiet: 87 head Slightly Stirry: 1 head	Quiet: 88 head

A little quick through the round yard but principally handled well in the race and weigh box with the odd one slightly nervous, good free moving cattle that are respectful of the handler

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A very well bred line of moderate framed young Heifers that present in strong store to forward condition with bone and substance that are just starting to loose their winter coat. Well handled through yards with all vet treatments initiated early year pre-joining. These Heifers present a grand opportunity to secure a one mark line of young Females bred out of large framed Angus Matrons. All have been preg scanned undetectable from a large group of 850 heifers. All faults have been removed with the line remaining ideal to join as future breeders or fatten on grass or grain for the trade. This line represents half of a group of heifers weighed from 370-510 kg and is the heavier weight draft of a large run of Vendor Bred Heifer (Vendor has 2 lots in the catalogue). Note - observed when handling : 6 White Udders, 2 White Bellies, 4 Small Wart/s (on face), 2 Blue Eyes, 2 Vaccination Sites - side of neck - none of which is detrimental to the beast.
Assessor	**Laryn Gogel (Level 1 Accredited)** Phone: 0436 020 245
