Assessor Comments	An outstanding line of 24 Poll Hereford steers, 7–8 months of age, presenting in excellent condition and displaying the quality and consistency expected from a long-established breeding program.These steers have achieved an impressive average daily weight gain of 0.8kg since weaning, demonstrating their growth potential and ability to perform.An exceptionally even line of steers, with only 61kg separating the lightest and heaviest animal. Extremely quiet, well-handled cattle with excellent temperaments, making them a pleasure to work with. Grass-fed eligible and bred from a highly regarded stud herd with 94 years of Hereford breeding history behind it. An excellent opportunity to secure a quality, even line of young Poll Hereford steers with proven performance, outstanding temperament and excellent potential to grow into heavy feeder or bullock weights
