| Slightly Stirry: 39 head | Slightly Stirry: 39 head | |
| Stirry: 4 head | Stirry: 4 head | |

Steers were generally good to handle, showing normal yearling tendencies. The steers would tend to trot in the big yards and needed some slowing through gateways. Steers can become agitated when singled out, but settle quickly when returned to the mob. A number of steers became agitated in the confines of the crush and exited quickly to return to the mob.
