Heifers were easy to handle through the yards. Brought up from the back yards easily, and just kept leading through the yards sensibly, looking for the next open gate. All led up the race well and walked on to the scales with minimal hesitation. A few were displaying some mildly anxious behaviour in the crush, after their last visit was to be preg tested. Just one that was actually doing some weaving and stomping, listed above as slightly stirry.

Assessor Comments: Stylish line of young, healthy, pure Te Mania blood heifers. These are fresh young heifers showing off a good healthy shine. These heifers were put out with the Bulls in backward, Score 1 condition back in a very tough, dry Autumn, they were then sent away on agistment in the Winter and have not looked back. Given the downward plane of nutrition these heifers were on at joining, they cannot be held accountable for not getting in calf and could definitely be given another opportunity. Breed or Feed - These heifers are by high marbling sires & have an excellent reputation for feedlot performance, with the steer portion being sought after by top end feedlots annually. Note. Vendor has another lot of 125 Heifers at Come By Chance in the same sale.
