Assessor Comments: Blantyre Farms will offer 2 B-Doubles of PTE Angus heifers in todays sale (2 x 80 head run out the gate). Heifers were purchased in earlier in the year with type and breeding in mind at purchase. Heifers have done well since arriving and are now being offer back to the market as either suitable future breeders or feeders. Heifers have never seen a bull and have been preg tested empty at assessment for full buyer confidence. Heifers also received their first Bovilis MH-IBR at assessment. Heifers were purchased as three lines, two out of the Monaro and one out of Adelong (originally New England bred). All nice types that would make excellent future breeders with reputable genetics including Hazeldean & Rennylea. Please note: Approx 3 heifers in each lot were treated for pink eye and have been separated. They will be re-assessed prior to delivery to ensure full buyer satisfaction and won't be delivered if deemed unacceptable.
