Handled With: Bikes , Vehicles

Notable Traits

	Traits
1 Head	old eye scar

Assessor Comments

A line of 24 very well bred EU accredited steers 440kg showing excellent growth for age which is a direct result of years of selective breeding using only quality sires. These Granite Ridge blood calves display heavy bone and solid muscling are deep bodied well framed types that would grow on to heavy carcass weights either in the feedlot or as grass bullocks. Steers have had both 5in1 vaccinations, Dectomax drench and B12 plus Selenium. They are EU, Greenhams Never Ever accredited and PCAS eligible. Quality steers you can buy with all the confidence knowing they are set up to perform!
