| Assessor Comments | FREE DELIVERY 1000KM FROM WINTON WITH ROAD TRAIN ACCESS - 100 Santa and Santa X very good quality steers that are all HGP Free. Majority of these steers are bred from Landsborough Santa Genetics in the Winton area & are in store to forward store condition whilst displaying plenty of frame. They are bred from medium to large frame cows & showcase all the attributes to grow into bullocks on grain or grass. This line of predominantly Santa steers were extremely good to handle at assessment and were weighed into a range of 170-332kg to average 241kg after two hours off feed. These steers present as a quality line and provide plenty of compensatory gain for the buyer. |
