Assessor Comments	On offer is a very good quality mixed sex line of store Ultrawhite X W Dorper lambs. These lambs will absolutely power ahead on feed and would normally be kept to kill weights but with vendors season has decided to sell. Yaralla has been on White Dorper/Ultrawhite genetics for approximately 4 years. They have been buying VGQ rams from Culgoa, Smit and Bulmar studs. There are approx 20-25% of assessed lambs that were purchased from A+ ex Muckadilla earlier in year. These are why there is small % of black headed Dorpers.
