Assessor Comments	On offer Ac ~ DNA Rural Holdings ~ 380 feeder Merino Wether lambs. This lot averaged 40.2 kg at assessment and were shorn in mid to late October and were drenched with Tridectin at the same time. These lambs are April/May drop and were purchased out of Forbes CWLE as the lead draft of a large run of vendor-bred Merino sucker lambs. This mob would perfectly suit a lot-feeder being an ideal weight and in the right condition to move forward with grain assistance and summer conditions. Bid with confidence.
