Quality Grades		Wrinkle Score	
Excellent	100%	Plain	90%
		Light	10%

Assessor Comments	A line of young merino wether hoggets in the prime of their lives,these wethers have been bred based on the Connewarren blood lines and have plenty of scope to grow into great wool cutters , with the flock average of around 5:5 kg of stylish 18 micron wool.Wethers are only being sold due to property being leased and the lack of rainfall in the area to refill water storage.
