Assessor Comments	A tidy line of June/July drop 1st cross wether lambs. These wethers have been bred out of large frame, western merino ewes and sired by Talbragar border leicester rams. Wethers present in fresh forward condition coming off a barley crop. These were weaned a day before assessment with a small tail removed. These wethers would be ideal for a buyer looking to shear them and induct into a feedlot or put onto summer pastures to finish into heavier weight categories. Buyers please note ewe portion of this drop will be offered in the same sale.
