	Very easy Heifers to handle in the yards and in the crush, The videos was taken after they had been weighed and assessed so that will tell the story. Overall well handled cattle.
Handled With	Bikes , Dogs , Horses , On foot , Vehicles
Assessor Comments	60 Very good quality Heifers that are on the move, they have the frame and condition to join now. They would make for very good breeders and nothing has been retained in herd alternatively they will go forward on grain or grass, they have had not any setbacks . Landfall Bulls have been used for the past 3 years and the length and shape is showing through. 11 in this lot were calves purchased as cow and calves , they are Texas , Lawson blood. There is another lot of steers and two lots of Heifers also in this sale. NOTE due to yard space the photos are of both lots together, the bigger Heifers are in this lot, the vidios give a very good indication. The odd one has a little white under the flank.
