Assessor Comments	17x17 Angus Heifers and Calves Station Mated back to the Angus bulls. Heifers on their 1st calves all calved down without assistance and showing good mothering instincts. All heifers have milked up well and are putting everything into their calves. Their fresh calves are sired by the Eaglyehawk Angus bulls and range from 1-3 months of age, and will continue to grow. A Great opportunity to purchase a line of heifers and calves that will perform given the chance. Please note 3 heifers have white on their udder
