Assessor Comments	A good run of NSM Merino ewe lambs & hoggets. Ewes are out of the renowned Coolamatong flock and are surplus to requirements. Mature Coolamatong ewes cut 7kgs of 18.5 micron wool. These ewes would be a suitable addition to any Merino enterprise or ready for the crossbred ram of choice. Ewes present in fresh, forward condition and have do well considering the current season on the Monaro. Would normally be kept to join in the crossbred program but this year have to go. Please note delivery timeframe. Agent can organise trucks to Riverina with weekly market trucks to Wagga.
