These heifers are quick through the yards. They are not agressive but are free moving. The heifers ran up the race and into the head bail easily and were actually very good to assess.

Assessor Comments: These heifers are for genuine sale. They are heifers from a trade mob purchased. These heifers have calved out and are doing a reasonable job on their calves. There are three poddy looking calves in the mob and 7 heifers and 1 cow in the mob with no calves at foot. The cow is very heavy in calf and should have a calf at foot by date of delivery. These heifers are of average to poor quality.
