Assessor Comments	63 vendor bred Angus heifers that are 14-15 months old and in a very tight weight range of 390-458kg and average 428kg at assessment. The Schilg family have been using Dunoon Bulls for over 12 years selecting on growth, temperament and moderate birth which is reflected in these heifers with terrific weight for age with both length and depth of body. Heifers have been pregnancy tested and all scanned empty for buyers' confidence. Top quality future breeding females, presenting in ideal joining condition ready to take home and put with the bull. Highly recommend!
