Assessor Comments	This group represent the lead of the Angus cross Weaner Steers. Majority are straight black in colour with some white on flank and underline , 35 head in this lot with either baldy , blaze on face or blue roan. Tremendous natured cattle to handle majority present in forward store condition, display good growth for age despite terrible season. well weaned and ready to turn out. Cattle with a good history of performing in feedlot situation with excellent daily gains. Plenty of money spent on Sires at Artimore with most Shorthorn bulls being purchased from Futurity , Angus bulls from Stoney Point , Allendale and Mandayen . Simmental bulls from Woonalee . Excellent grass finishing or feedlot backgrounding prospect.
