Assessor Comments	A good quality line of principally vendor bred Angus cows and calves, calves are fresh in condition, cows are milking very well, given the opportunity cows would do a great job on calves. Loss of fences due to flood conditions has made it difficult to keep condition on cows while calving. Quite easy to handle cows presenting in store to forward store condition. One cow with slight pink eye scarring, One cow with white udder. Please note details regarding bull access. Calves have not been marked. Vendor has two other lots of cows and calves in same sale making a total offering of 45 x 45 cows and calves.
