Assessor Comments	10 Watervalley Red Angus steers to average 290.2kg Curfewed Individually weighed and drafted over the scales. They are a small number of steers with a red throwback true to Angus types. They are pleasurable to handle as a small mob of reds, showing good bone density and softness. Presenting as fresh forward stores supporting a good medium frame capable of fast weight gains given opportunity. Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases.
