Assessor Comments

A quality line of Rennylea & Dunoon Bld PTIC 3.5-5.5 yr old cows TCC mid March to Chiltern Park Angus Bulls for a tight 6 week joining. These are large framed, big bodied females displaying plenty of scale, length, capacity with tremendous breeding potential with plenty of productive years a head of them. Having only just weaned their calves these females maintained outstanding body condition & present exceptionally well. Their Rennylea & Dunoon bloodlines would be a great addition to any buyer looking to add quality to their herd with top genetics. Buyers please refer to photos, one cow did display a longer back toe which has no affected her in anyway.
