Assessor Comments	A opportunity to secure a quality line of pure Turanville blood Shorthorn cows, displaying tremendous growth, impressive frame and outstanding overall size and capacity. These are large-framed, well-grown females with plenty of length, depth and natural doing ability. Cows that offer excellent scale and presence, with the type of frame and capacity producers look for in a quality breeding operation. All cows are PTIC to reputable Chiltern Park Angus bulls, with a tight 6-week joining period and calves due to commence from mid-March.The combination of proven Turanville Shorthorn genetics and Chiltern Park Angus sires presents an excellent opportunity to produce quality calves with strong market appeal. A attractive line of productive breeding females that offer plenty of future breeding potential and the opportunity to add genuine quality and scale to any cattle operation.
