| Assessor Comments | **Buckley Innovative Farming will offer 1920 Primeline Ewe Lambs** This is the annual draft of Buckley Ewe Lambs, these future breeders have some of the best Primeline Genetics in the country and will be offered in 8 lots of 240 and come with my highest recommendations. No expense has been spared in sire selection and all Ewe lambs will have high fertility, high growth and strong maternal traits as well as strict conformation and doing ability. This is an excellent opportunity to add to or start with the best Primeline genetics the breed has to offer. All lambs present fresh and in forward condition and given the opportunity will join up and mother lambs with ease from year one. |
