Heifers were a pleasure to assess and flowed through yards well. Odd heifer got excited in crush and exited quickly but settled back into the mob readily.

Assessor Comments	A BDouble of weaned Angus store heifers. Heifers were purchased out of Blue Ribbon Weaner sale in Braidwood earlier in the year. Heifers have been used to clean up a few sprayed paddocks and have been run pretty hard through the Monaro winter. Heifers will respond very quickly to some fresh feed. Heifers are principally Hazeldean and Dunoon Angus bloodlines. Heifers handled through yards well and have been fed hay and silage so have good temperament for their age. Please note: 3 heifers with old pink eye scarring (not detrimental to sight)
