Very well handled cattle that were a pleasure to work with. All individually weighed in the race (as platform wouldn't fit in the crush), and did not have any issues.

Assessor Comments A classy line of PTIC Angus & Black Baldy Heifers with plenty of stretch & quality about them. Heifers averaged 538kg (429-580kg), are in very good order and will continue to grow into larger frame types. They are joined to Moogenella Q104 (BWFQ104) to commence calving late October. Cattle were a pleasure to work with during the assessment.
