Steers handled well with drafting and weighing. just 2 got a bit jumpy when confined but were fine in the mob

Handled With: Bikes , Dogs , Horses , Vehicles

Assessor Comments	A great opportunity to purchase a nice line of vendor bred Angus x Angus steers. Antibiotic free and Grass fed. These steers have plenty of frame and growth to work with and will really respond well to some good feed. They have been running on good pastures for the last month and are making up for a wet winter. steers are bred to perform and are sired by, Curracabark and Urban Angus bulls. The potential is there to grow out to heavier feeder weights or MSA kill specs. Steers averaged 256kg at assessment with LWR 194- 322kg . Vendor has sisters in same sale to assist with trucking.
