Very quiet and trustworthy cattle. Barely a complaint even while mouthing. Would suit any level of experience as bomb proof through the whole process from mustering to assessment.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Very quiet breeders with the best of their production to come. All the risk has been removed in regard to reproductive soundness with at least a second calf at foot. Fresh young calves that look to be shaping into ideal vealers. Plenty of milk under these girls to keep them going as well. Would suit any buyer but particularly those chasing good vealer producers or docile cattle to handle. Only fault noted is one cows fore foot as in photo.
