Assessor Comments A very good quality line of heifers purchased from Allunga Livestock at Yea, these heifers were joined to AI sires Black Onyx 5Q11, Millah Murrah Paratrooper P15 & Murdeduke Kicking K428 on the 7/10/20 and were backed up to Riga

	Qumodo Q32 from 7/10/20-17/11/20 (6 weeks). These heifers are large framed, sired by large framed Banquet Angus bulls and out of good quality herd of cows. They were pregnancy tested on 1/6 and also received pre-calving vaccinations and a drench at the same time. These heifers have been supplemented a grass pellet for the last four weeks to maintain a good weight as they head towards calving. These heifers would fit into any high performing herd as replacement breeders, and being either joined to AI to calve Mid July or tightly joined over 6 weeks they provide the purchaser with plenty of options going forward.
