The herd then was a Shorthorn/Santa, Shorthorn Angus cross herd. In the last 9 years only Angus bulls have been used and the more Angus type females retained. There is one Black Baldy type Two blue Roans. The balance are black coated and may have a very little bit of ear and /or naval with Four having white under the belly. These cows are 75% or more Angus. The herd is on a Pestiguard program and have had annual boosters.
