	A credit to the vendors for the temperament of these steers. Even when steers were in a confined space of the crush they showed very little fuss. Very quiet cattle to handle in the yards.								
Handled With	Bikes , Dogs , Low Stress Stock Handling© practices (CERTIFICATE DATE 7/2015)								
Assessor Comments	On offer is a very good quality line of 64 EU Droughtmaster steers 10.5 to 13.5 months of age with exceptional temperament. Steers have been bred in Western Queensland which is currently enjoying a very good season. The majority of the steers were weaned in June with the latest weaned in August. Steers have had a full weaning programme comprising yard fed on hay and weaner ration, turned out into paddock and mustered back to yards each afternoon and worked through yards applying low stress stock handling.
