Assessor Comments These are a very quiet line of smart 2nd calved Speckle Park females. Calves at foot by Snowline Kilimanjaro are showing good growth & shape. All 10 male calves are castrated. Purchased as PTIC heifers from breeder Montreal PShip from Cooma. Cows are Wattlegrove & Minnamurra Blood. 1 cow has twin steer calves at foot. 1 cow noted with a crack on her front hoof, a couple of others with slightly long hooves due to such a wet winter and soft country. These females were a pleasure to handle and will be a great opportunity to get into the speckle park breed. Ready to join to the bull of your choice.
