Very quiet cows

Handled With On foot , Vehicles

Assessor Comments This is a full herd dispersal. Heifers purchased to rebuild a breeding program however now all the cattle need to go. Ideal cows to put out and as long term breeders. Very realistic reserve. The joining details are a little unknown however the preg test was as expected. Cows due on their 3rd calf with last year's calves only weaned at assessment. Vendor has 12 Angus Heifers in the same sale.
