Temperament	Yards: Docile: 3 head, Quiet: 60 head Crush: Quiet: 58 head, Slightly Stirry: 5 head Paddock: Temperament not assessed in Paddock Heifers were extremely quiet and fantastic to handle, many on the point of being docile. Vendor had done an excellent job on weaning.
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , On foot
Assessor Comments	On offer is a quality two deck line of Angus x Santa/Droughtmaster heifers. They are very well bred heifers, that have the bone and structure that would suit a breeding herd. These heifers will grow into large frame cows if given the opportunity, and if required would suit most markets into the feedlot. Please see photos and videos for exact breed characteristics and quality of this line. These heifers are from large frame western grazing cows by Booroomooka Angus, Cree Santa Gertrudis and Valera Vale Droughtmasters. Majority of heifers were purchased in as cow/calf units with 16 better quality types have been vendor bred. They were a pleasure to handle through the yards and crush. One heifer had small cut on eye, not detrimental whatsoever. One heifer had slight navel lump, again not detrimental whatsoever.
