Temperament

Yards	Crush	Paddock
Quiet: 52 head	Quiet: 49 head Slightly Stirry: 3 head	Temperament not assessed in Paddock

All heifers worked well through the yards with only 3 heifers becoming slightly fidgety in the crush. All cattle were very settled in the yards. Temperament is a credit to the vendors.

Handled With	Horses , On foot , Vehicles
Assessor Comments	A VGQ line of quiet Angus heifers that have the potential for replacement breeders. These heifers would also make exceptional heifers to fatten for the trade market. All the hard work has been done on these heifers with a very strict handling program preformed at weaning. They come from a herd which is based on high Fertility. 2021 - PTIC 96%, 2022 - PTIC 98%, 2023 - PTIC 97% & 2024 - 96%. Please note a small percentage of heifers have white on their udder.
