These cattle have been run on vendors second property. Some were slightly stirry when drafted. Cattle have been weaned to main property yards to be handled.

Assessor Comments	Quality line for sappy Quarterway/Tamaroo blood weaned heifers. Cattle were unweaned at time of assessment and currently have been transported to main property for weaning. These heifers have plenty of cover and size and will grow quickly into heavier trade/export/joinable weights given the chance. Please note: some heifers have white udders. Cattle are NEVER EVER accredited and will be delivered to Powranna at vendors expense.
