Temperament

Yards	Crush	Paddock
Quiet: 28 head	Quiet: 26 head	Quiet: 32 head
Slightly Stirry: 6 head	Slightly Stirry: 6 head	Slightly Stirry: 4 head
Stirry: 2 head	Stirry: 4 head	

Heifers have been educated to the yards. Approx 8 heifers become flighty when pressured or isolated but nothing aggressive. Great to handle in the paddock, once under control will walk on nicely. The usual few resented being mouthed but nothing out of the norm. Generally good to work with.

Handled With Bikes , Dogs , Vehicles

Assessor Comments An attractive line of Charolais cross heifers, well grown and PTIC red tags to selected calving ease Angus sires. The cattle are well bred with the majority coming off the renowned Kindee Cattle Co near Injune in Qld. Vendor has worked with the cattle through the yards on arrival which has educated them. Approx 3 heifers have small horns with another 3 small scurrs (see pics). The majority of the mob are large framed for age and generally should grow into nice matrons. Some of these heifers are still a bit flighty at close quarters but nothing dangerous or aggressive and they are generally good to work with. Approx 3 heifers have a slightly hazy eye, hardly noticeable. Sample mouthed all had milk teeth. They weighed from 408 kg to 536 kg to average 480 kg after 2 hrs in yards. The bulls used had very good temperaments. A lovely lot of genuine young heifers carrying the right genetics to perform for years and well on their way to having their first calf.

Assessor **Ricky Looten (Level 2 Accredited)** Phone: 0499 742 590
