Assessor Comments	A small line of Angus and Angus x Heifers PTIC. These heifers are only young and have their whole lives ahead of them. They are showing very good depth, length and bone for the age and should continue to grow into very smart cows later in life. Heifers have been joined to Waratah Speckle Park bull and have been preg tested 2-3 months for an early Sept-Oct calving. Heifers where very quiet and easy to handle.
