Assessor Comments	An outstanding quality line of Bongongo blood Angus Steers. The steers are very quiet to handle, showing plenty of muscle, frame and quality with leading genetics used from Bongongo Angus Stud including an AI program conducted. Steers are very healthy-looking and gaining weight quickly after being early weaned in February. Would be ideal steers to background to heavier feeder weights or could be feed for most Angus branded feeder programs. Note - Vendor has 2 lines in this sale. No Grain & No Antibiotics.
