	Quiet draft of Steers, owner is around them most days with his buggy. These steers walked through the assessment process very good, no stir, no run very content. and just stood around behind us while weighing other steers. cannot fault them for temperament
Handled With	Bikes , On foot
Assessor Comments	A draft of Angus & Angus cross steers. About 3 steers has white on underbelly, Big frame steers that have opportunity on a good mix now to fill up and cover well. Temperament of these steers were good, had no problem walking around them or while assessment took place. We mouthed the couple of heavier steers, and they were milk tooth and no sign of breaking. These would be ideal steers for the Export Market or be ideal to finished off onto crop.
