Assessor Comments: These cows represent 1 of 2 lots consisting of a total of 56 Cows (1 BDble load). These are the shorter and slightly lighter cows.Genuine vendor bred cows only being sold as the vendor has reduced some grazing country and needs to reduce numbers.They cows are big framed cows that originated from renowned Angus bloodlines and the vendor has been part of the Tom Lawson "Stabiliser" program for some time now. The cows have both Top Angus and Stabiliser bloodlines and have been joined to recent updated Stabiliser Blood bulls.There is still plenty of years left in these cows. An Angus Bull over the top of these cows would produce some outstanding calves. Big honest cows that will produce great calves to the person who gives them a chance.
