Assessor Comments	28 large frame Angus cows PTIC 4-5.5 months in calf to Keringa Angus bulls. Predominately 10 yo cows purchased from the Walcha district as breeders, cows have done an exceptional job as recip cows in stud program. They are excellent mothers, very quiet, large frame, long, deep bodied cows that present in good fat score 4 and 5 condition. There is the odd faint blue eye from old scarring in maybe 4 head. Overall a really nice line of mature females in calf to maternal brother of top priced 2021 Keringa sale bull . Please note vendor has another line of 14 in sale.
