**Assessor Comments** A quiet run of EU and grassfed accredited Angus heifers. These heifers were a pleasure to assess both in the yards and crush. They would be an excellent top up to your breeding herd, or grow out to heavier feeders weights. Their weights - 330 - 425 kg full, to Ave - 383kg full at assessment. NOTE A small % of heifers have the odd wart on their head and neck. NOTE - There are 2 broken baldy heifers in this line - minimum 4th Generation Angus, if successful purchaser wishes they can be removed from this line. Vendor has another lot of EU Angus steers in this sale.
